A list of merchants can be accessed from the **Merchants** menu on the administration interface.

All merchants that the user is assigned to are shown in the Merchant list by default. You can filter the list and search for specific merchants using the following parameters:

- **Merchant name** - Full or partial search on the **Merchant name** provided in the merchant profile.
- **Merchant ID** - Full or partial search on the acquirer assigned **Merchant ID** provided in the merchant profile.
- **Acquirer BIN** - Full or partial search on any of the **Acquirer BINs** provided in the merchant profile.

Search results are displayed in a table with **Merchant name**, **Merchant ID**, **Acquirer BIN** and **Enabled status** headings. Select a merchant to view or edit its details.

User Access

The **Merchants page** can only be accessed by a user that manages a merchant entity, e.g. a **Business Admin**, **Merchant Admin** or **Merchant** user.
